MEMORANDUM FOR THE RECORD

SUBJECT: Paper [REDACTED]

STAT

1. Today [REDACTED] EXO/SOVA, called Clair George regarding the unclassified [REDACTED] paper which compares US and foreign weapons acquisitions systems. [REDACTED] heard that Sen. Warren Rudman (R., NH) has a copy of the paper and may be planning open hearings regarding the US procurement system and would call [REDACTED] as an expert witness. [REDACTED] says there is a clique in DoD that wants US procurement taken away from the separate services and centralized in the Pentagon.

STAT

2. Last week we supplied a copy of the [REDACTED] paper to Frank Sullivan of the Senate Appropriations Committee staff per his request. Sen. Rudman is on SAC and presumably obtained the [REDACTED] paper through Sullivan. [REDACTED] has asked OLL to see if we can find out any further details about the proposed hearings and the possible involvement of [REDACTED]. I said we would try.
